

Hampton Hill Youth Chess Club

Are you a chess player aged 11-18 and resident in the Hampton Hill and surrounding area?

We would be pleased to tell you about our youth chess club. We are a social group meeting over Zoom and playing league chess and friendly chess using the Lichess platform. We have termly 'Over The Board' social events too.

Our club contains chess players of every standard. If you'd like to compete in league chess representing your home village of Hampton Hill, or if you'd just like to rediscover chess skills you've not used since junior school, we'd love to hear from you.
